In re Application of
Yihsiu Chen, et al.
Application No. 09/911,061
Filed: July 23, 2001
Attorney Docket No. 2001-0056

DECISION GRANTING PETITION
UNDER 37 CFR 1.137(b)

This is a decision on the petition filed May 19, 2003, under 37 CFR 1.137(f) which is being treated under the unintentional provisions of 37 CFR 1.137(b), to revive the instant nonprovisional application.

The petition is **GRANTED**.

Petitioner states that the instant non-provisional application is the subject of an application filed in a foreign country on July 22, 2002. However, the U. S. Patent and Trademark Office was unintentionally not notified of this filing within 45 days subsequent to the filing of the subject application in a foreign country.

In view of the above, this application became abandoned pursuant to 35 U.S.C. § 122(b)(2)(B)(iii) and 37 CFR 1.213(c) for failure to timely notify the Office of the filing of an application in a foreign country, or under a multilateral international agreement, that requires publication of applications 18 months after filing.

A petition must be accompanied by:

- (1) the reply which is met by notification of such filing in a foreign country or under a multinational treaty;
- (2) the petition fee as set forth in 37 CFR 1.17(m); and
- (3) a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition was unintentional.

The failure to timely notify the Office of a foreign or international filing within 45 days after the date of filing of such foreign or international application as provided by 35 USC 122(b)(2)(B)(iii) and 37 CFR 1.213(c) is accepted as having been unintentionally delayed.

Telephone inquiries concerning this decision should be directed to the undersigned at (703) 306-3475.

This application is being forwarded to Technology Center Art Unit 2152 for examination in due course.
